# SIMPLY FEEL “ ” AT EASE OUTDOORS

Fresh air, the chatter of the birds, the blissful warmth of the sun's rays: many homeowners love spending time outdoors. A patio with a cosy set-up can create a real feel-good atmosphere outdoors. The perfect sun shading system also plays an important role here, since it guarantees a shaded space at all times.

## Sun shading for any requirement

Whether a patio, balcony or garden: with the individual sun shading solutions from WAREMA's range of products your living space can be expanded outside completely harmoniously. This gives you plenty of extra space to work, play and relax. A real space for the whole family to live out, feel in.

# Moments of enjoyment outdoors

## Terrea patio awnings

A cloudless sky, a glorious summer's day. How does a having a barbecue, relaxing and just having fun with your best friends sound? The innovative Terrea patio awnings provide a cosy shaded space outdoors and a pleasant atmosphere for just that. To an easygoing time outdoors!

**“Here's what your favourite  
space outdoors looks like.”**

# Carefree summer pleasure

## Terrea articulated arm awnings

Family coming over for the afternoon to play games? Fun and action are guaranteed. Your home's patio can provide the ideal place for hours of fun with your loved ones. The Terrea articulated arm awnings from WAREMA turn your time on the patio into pure joy. The slender shading systems provide sun shading for large areas and are ideally suited to all weather-protected installation sites with their compact design.

### Perfect all-round protection

Practical extras such as the patio side screen that can be extended with few handles provide added comfort on the patio. They protect against wind and secure your private sphere.

# Relaxation full of atmosphere

## Terrea cassette awnings

It's finally the end of the work day. Switch off, put your feet up and enjoy the beautiful afternoon and evening under a clear sky. The Terrea cassette awnings keep it nice and cool all the time, even on hot days. Whenever it rains, the awning fabric disappears into the compact cassette where it is protected. Fabrics, frame colours and accessories can be freely chosen to suit you. This makes the patio your own individual play space.

### Great variety of designs

In the WAREMA Collection Assistant at [www.awnings-collection.com](http://www.awnings-collection.com) there is a large selection of designs and fabrics – for maximum freedom when designing your highly personalised space to live out, feel in.

### 3D Live Experience

The innovative WAREMA Designer brings the latest outdoor living products to your own patio live and in 3D. The visualisation software is free to download in the app stores.

# New outdoor living space

## Perea pergola awnings

Relax, lean back and enjoy the fresh air on the patio to the full. That even goes for when it is evening or the weather is not as nice as it could be. That's because the elegant Perea pergola awnings make outdoors into the perfectly protected living space in the open air – in (virtually) any weather and almost 365 days a year. Outdoor living really couldn't be more convenient.

**“Enjoy a real outdoor  
feeling – 365 days a  
year.”**

# Stylish shady spots

## Perea pergola awnings

Drinking coffee outside? Working on your laptop? Or maybe reading a good book? The stylistic Perea P40 pergola awnings protect against sun, wind and light rain. They are also a real eye-catcher optically on any facade. The sweeping curves of their guide rails give the patio striking design highlights and a Mediterranean flair. What's more, the variety of colours and equipment options opens up plenty of room for individual design wishes.

### Clear lines

Just as much as the model with straight guide rails, the Perea pergola awning guarantees large shaded areas and makes for an eye-catcher on the facade.

### Additional protection

The valance roller blind, easily operated using WMS radio, provides optimum protection against evening wind, low-lying sun and the neighbours' prying eyes.

### Intuitive operation

Thanks to WMS WebControl, all awning and accessory functions can be conveniently controlled via the app. The sun shading products can be operated via smartphone, tablet or PC.

### Lateral protection

The aesthetic front-mounted awnings with easyZIP guidance fit the design of the Perea pergola awnings perfectly and also protect against wind and rain from the sides.

# Protected open spaces

## Perea pergola awnings

Beautiful weather and the birthday party is in full swing. Suddenly the wind picks up and a rain shower arrives. No need to panic. The weather-resistant pergola awnings Perea P60 not just provide reliable shading. They can also withstand wind and weather. The PVC grid built into the fabric ensures controlled drainage out through the pole via the rain gutter. A stylish additional living space outdoors – even when the weather is bad.

## Weather protection with design factor

### Perea pergola awnings

Summer. Weekend. Nowhere to be. Why not simply spend all day on the patio – no matter what the weather is like? Not a problem thanks to the pergola awning P70. It offers reliable protection from heat and rain and otherwise makes you really look forward to spending a long day on the patio. The innovative pleating technology creates unique design highlights, while the dimmable LED strips guarantee pleasant mood lighting in the evening.

### Innovative materials

100 % water-proof and yet transparent: the new high-tech Sunworker Cristal fabric combines comfort with the optimum weather protection.

# Atmosphere of enjoyment all year round

## Climara conservatory awning on and under glass

Whether you're enjoying a lavish breakfast on a bright summer's morning or some warming mulled wine on cold winter days: the Climara conservatory awnings create an unparalleled "outdoor feeling" at any time of year. Installed under or on the glass depending on what is required, the conservatory awnings shade reliably shade even complicated glass geometries with their high-grade fabric. For a real atmosphere of enjoyment – 365 days a year!

### Reliable protection

The under-glass awning with optional valance roller blind perfectly protects against low-lying sun, a slight breeze or prying eyes.

### From a single mould

The elegant patio roofs from Solarlux can be optimally combined with the Climara conservatory awnings. The holistic approach to sun shading.

# Time to treat yourself

# True living spaces you can only dream of

## Lamaxa slat roofs

What's better than an unobstructed view of nature? Under free-standing Lamaxa slat roofs you can enjoy this unique experience with all your senses. The well thought-out design guarantees clear vision, reliable weather protection and also inspires with regards to its design. Another highlight: the stable slats are flexibly adjustable at the press of a button depending on the weather, position of the sun and personal preference. A sun shading dream!

### Wind and cold protection

The completely integrated window awnings with easyZIP guidance are weather-resistant, wind-stable and as a result have a practically unlimited number of uses. The stylish shading model can be fitted on four sides of the Lamaxa slat roofs.

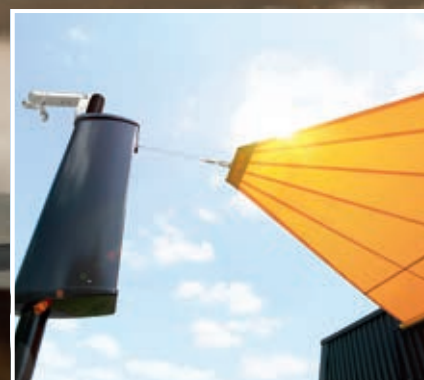

## Airy shading

# Sonea sun sails

Relax, restore your energy, really savour the sunny weather – in complete comfort in the shade. Good idea, right? The light sun sails can transform patios and gardens into fully personalised outdoor oases. A variety of shapes, countless colours and a wide range of fixing options guarantee a perfect shading solution for every requirement and create a unique eye-catcher absolutely everywhere.

### On the safe side

With the WMS Weather station you can always automatically keep an eye on the wind and weather. This means that the Sonea sun sails or awnings are always perfectly protected. Also ideal for easy retrofitting.

## Enjoying the patio in comfort

### Accessories and extras

How would you like a better quality of life? Anyone who attaches special importance to enjoying their patio without restriction can perceptibly and visibly enhance their space to live out, feel in. High-grade accessories and practical extras improve the user comfort and give the treasured shaded outdoor space added highlights with character. Get outside and enjoy yourself.

**“Enjoy comfort without  
limits on your patio.”**

## Discreet mood-setters

# Light and radiant heaters

The crickets are chirping and the sun is disappearing behind the horizon. Time for a blissful summer evening a glass of good wine. The LED strips and light rails from WAREMA discreetly integrated into the awning provide romantic mood-lighting. When it gets colder, the press of a button is all you need for the compact radiant heater to supply some cosy warmth. This allows you to keep spending time outdoors to your heart's content – even on colder days.

### Mood lighting just how you want it

The LED strips and LED strip light rails, which can be integrated into the awning, can be regulated as you wish with the WMS dimmer.

### Cosy warmth

The radiant heater, which can also be controlled via WMS radio remote control, is available for many awnings and ensures pleasant temperatures on the patio at any time.

# Full enjoyment

## Insect screens

Summer, the outdoor season – and insect season: with the high-grade insect screens from WAREMA, unwelcome guests cannot get into your home even when you leave the patio door open. Even in the evening, the solutions, which can be harmoniously integrated into windows, patio doors or sun shading systems, reliably keep annoying pests like mosquitoes, wasps and even pollen outside. That means all the occupants can always breathe easy.

### Comes in many models

The highly transparent WAREMA VisionAir gauze provides a perfect view out and ideal air circulation. A pollen protection model is also available for allergy sufferers. The fine dust model is perfectly suited to roads with heavy traffic.

### Effective in even the smallest space

The insect screen pleated blind offers the greatest protection, particularly for small balconies and patios. It can be easily pushed crosswise and folds up laterally.

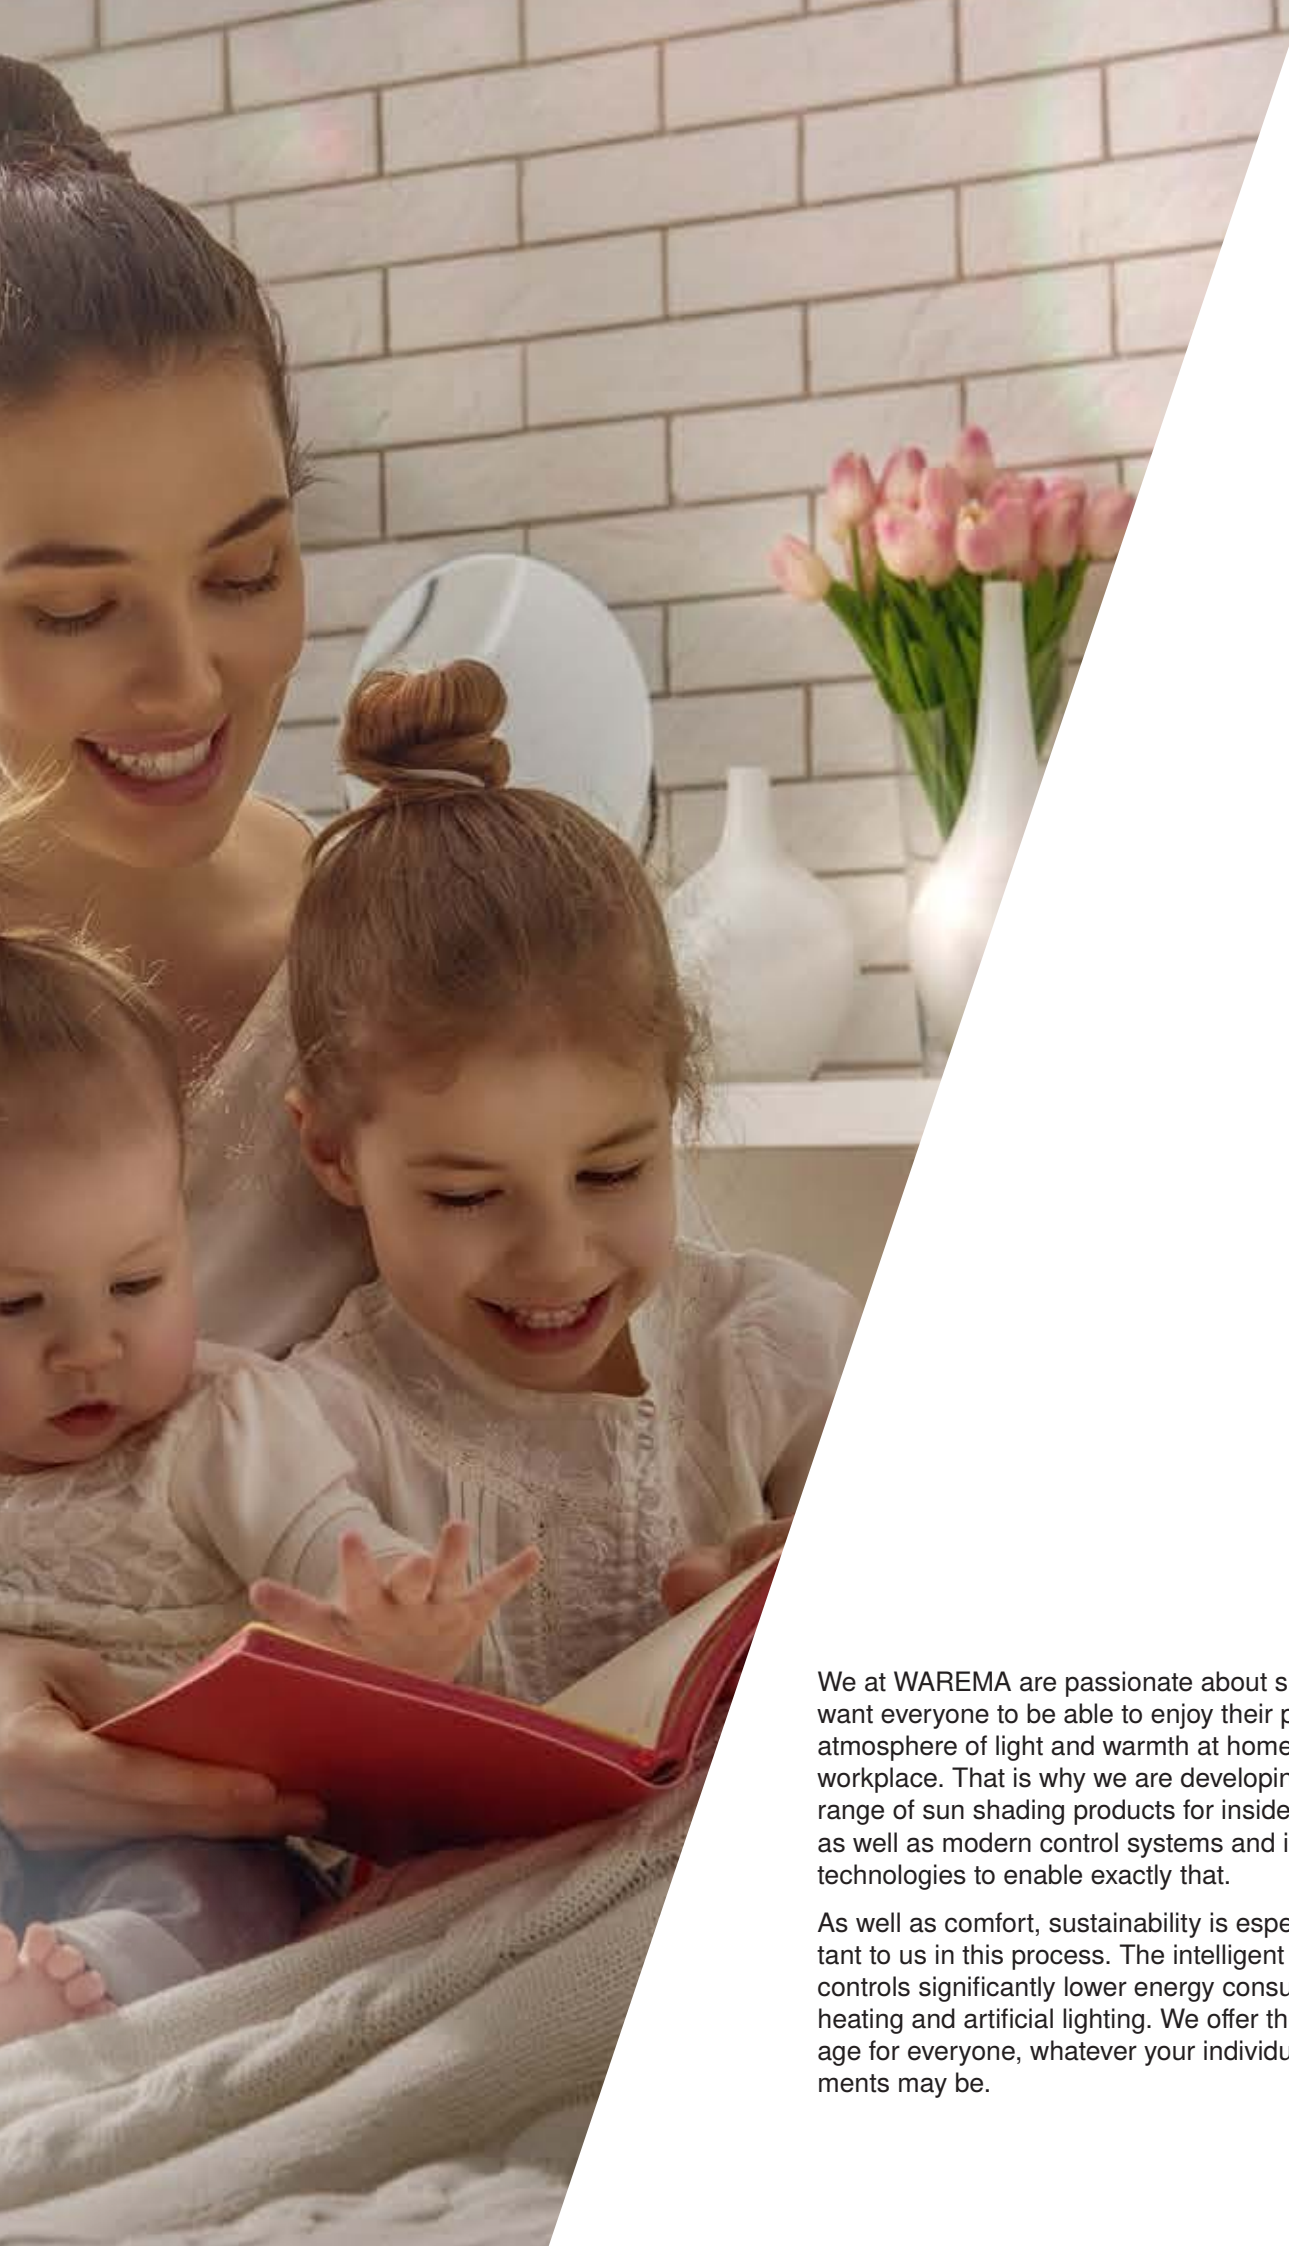

A woman and a young child are sitting on a bed in a bright room. The woman is wearing a white long-sleeved shirt and grey pants, and the child is wearing a white lace-trimmed top. They are positioned in front of a window with white horizontal blinds. Sunlight is streaming through the blinds, creating a warm, golden glow and lens flare effects across the scene. The bed has white pillows and a light-colored blanket.

**SUNLIGHT MANAGEMENT**  
BECAUSE THE SUN  
CANNOT BE CONTROLLED

We at WAREMA are passionate about sunlight. We want everyone to be able to enjoy their preferred atmosphere of light and warmth at home and in their workplace. That is why we are developing a complete range of sun shading products for inside and outside, as well as modern control systems and innovative technologies to enable exactly that.

As well as comfort, sustainability is especially important to us in this process. The intelligent sun shading controls significantly lower energy consumption for heating and artificial lighting. We offer the right package for everyone, whatever your individual requirements may be.

# Sun from its best side

## Choose your individual solution

### Outdoor Living

With awnings, sun sails or slat roofs you can use open spaces to relax and extend your living space to the outdoors. This makes your patio, conservatory or green oasis a space where you can live out and feel in.

### Outstanding quality "Made in Germany"

Enthusiasm is what drives us forward. For technical solutions, for details. We are always striving to make our sun shading solutions even better. Every year, our company and our products are honoured with numerous awards which show that we are on the right track.

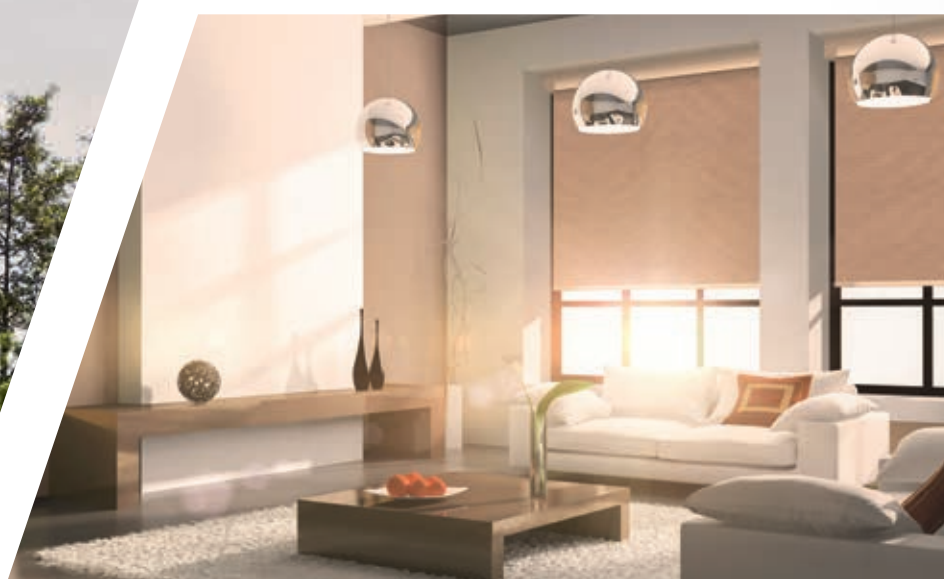

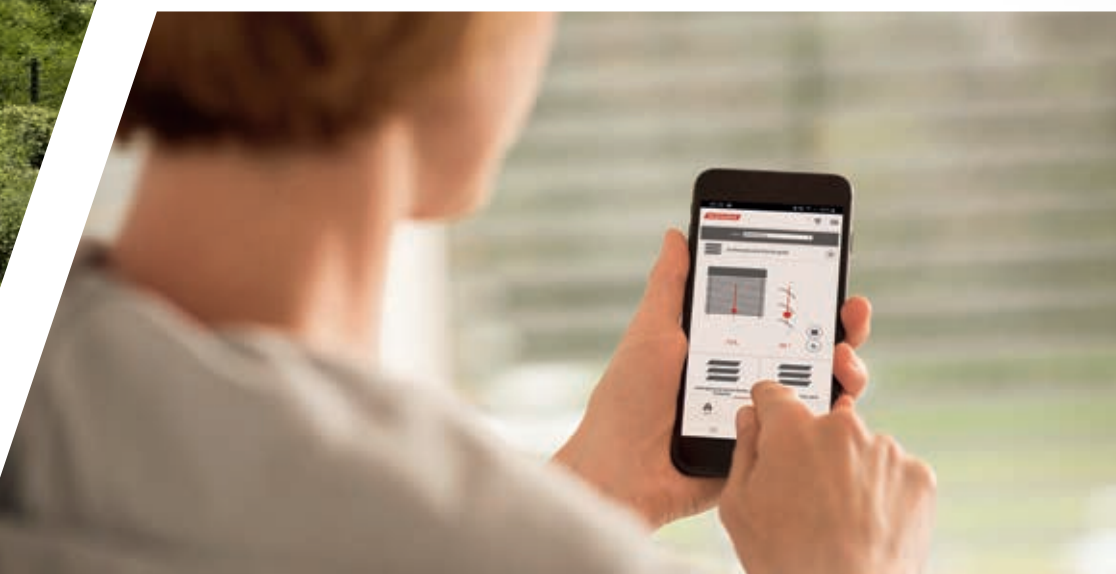

## Home Comfort

An individual atmosphere of well-being makes life more pleasant. WAREMA external venetian blinds, roller shutters and window awnings ensure the right mood lighting in the room and let the heat out.

## Interior Design

Sunlight is good for you – in controlled doses. This is guaranteed by the internal sun shading solutions from WAREMA, which are ideally suited to your individual purpose.

## Smart Home

How convenient to be able to control your comfort at the touch of a button. Intelligent control systems take over operation almost completely, fully automatically and energy-efficiently. Life is easy with WAREMA!
